

QuietFlow® Specialty Filter Pads

with
Bio-Media Grid

Enhance water filtration for your Aqueon® QuietFlow® Power Filter with specialty filter pads. Designed specifically for Aqueon® hang on back units, these specialty filter pads provide an additional stage of mechanical filtration and can help address water quality issues.

There are three varieties to help address different water challenges:

Ammonia Reducer: Focuses on removing harmful or toxic ammonia from water.

Carbon: Removes pollutants that discolor water and causes odor.

Phosphate Remover: Reduces phosphate level contributes to algae growth and traps excess waste, food and other organic debris from water.

Complete with a preloaded Bio-Media Grid, installation is simple and quick.
