

Aqua Springs

glass desktop aquarium

Serenity meets Beauty and Balance

Aqua Springs showcases a gently flowing water feature that incorporates and conceals QuietFlow® Power Filtration and LED Lighting.

For added elegance, replace the decorative plant (included) with a live standard-sized semi-aquatic potted plant.

Included Aquarium Essentials:

1. Frameless glass aquarium with clear cover
available in sizes 8.8 and 11
2. Decorative QuietFlow® filtration system
gently distributes clean water into the aquarium and features adjustable flow rate plus concealed LED lighting underneath
3. Removable decorative plant stays in place with included cup
4. Live plant adapter ring
is used when replacing the included plant with a live semi-aquatic plant
5. Aqueon® Medium Replacement Filter Cartridge
helps keep water clean and clear
6. Aqueon® Tropical Fish Flakes and Water Conditioner
are accompanied by valuable coupons
7. Illustrated setup guide
with step-by-step instructions for easy setup
