

15 COLUMN Aquarium **Stand**

Assembly Manual

14" Wide, 14" Long, 30.5" High
Item #100151007

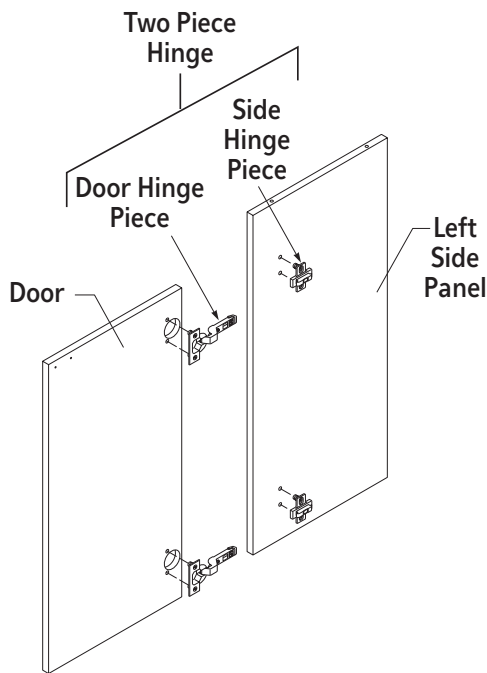

15 Column Aquarium
sold separately

Assembly Instructions

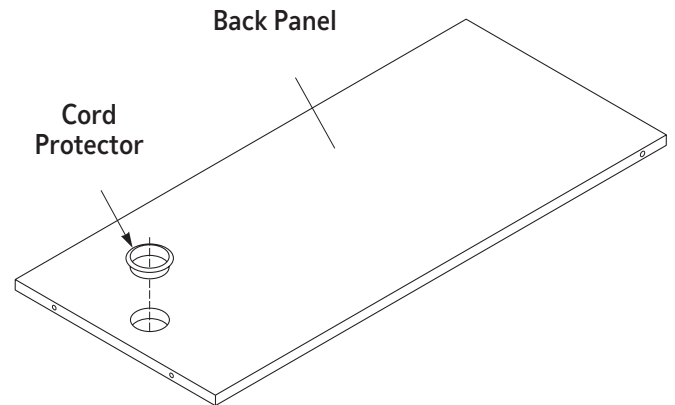

Before starting assembly, verify parts with parts list on back page.

Step 1

1. Attach two hinges to inside of door panel and left side panel by pushing the hinge pieces firmly into the predrilled recess holes and tightening the screws.

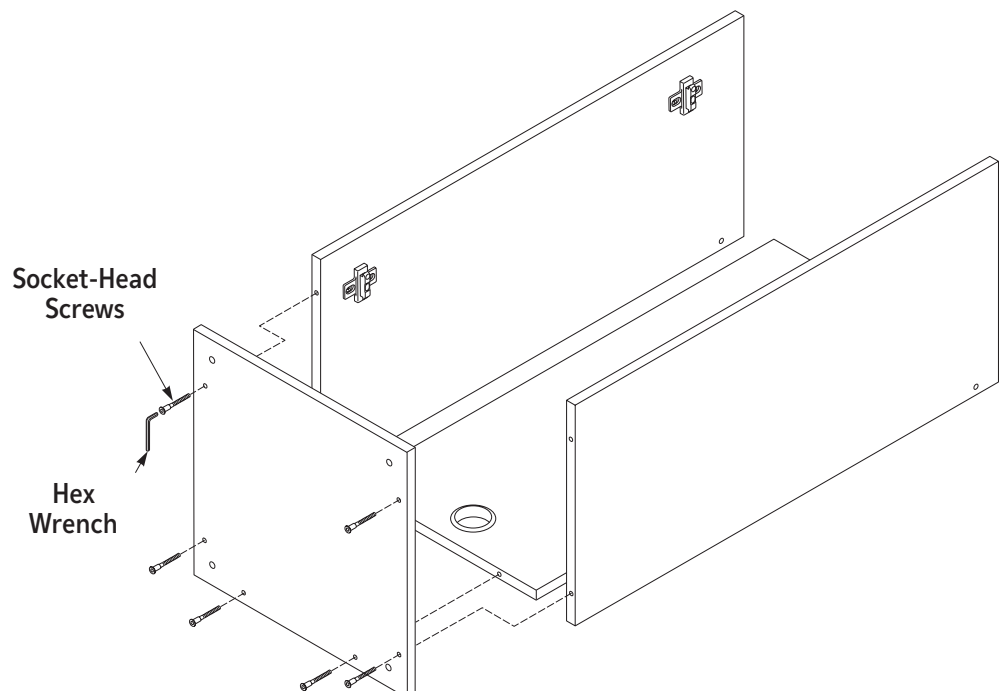

Step 2

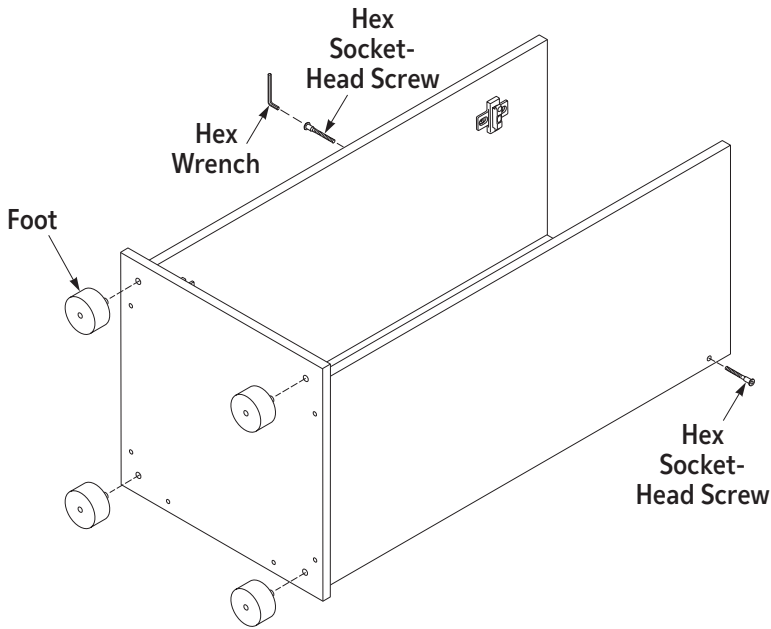

1. Push the cord protector into the predrilled hole on the back panel.

Step 3

1. Attach back and both side panels to bottom panel by aligning the predrilled holes.
2. Start six hex socket-head screws through the bottom holes and into the vertical panels for proper position.
3. Tighten the six screws in bottom panel using provided hex wrench. (Do not overtighten.)

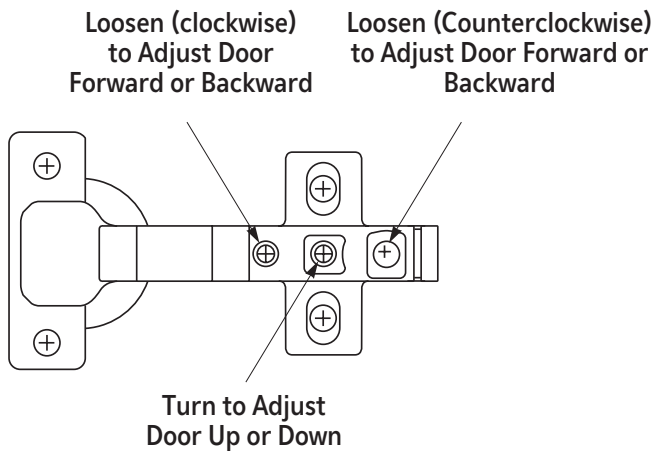

Step 4

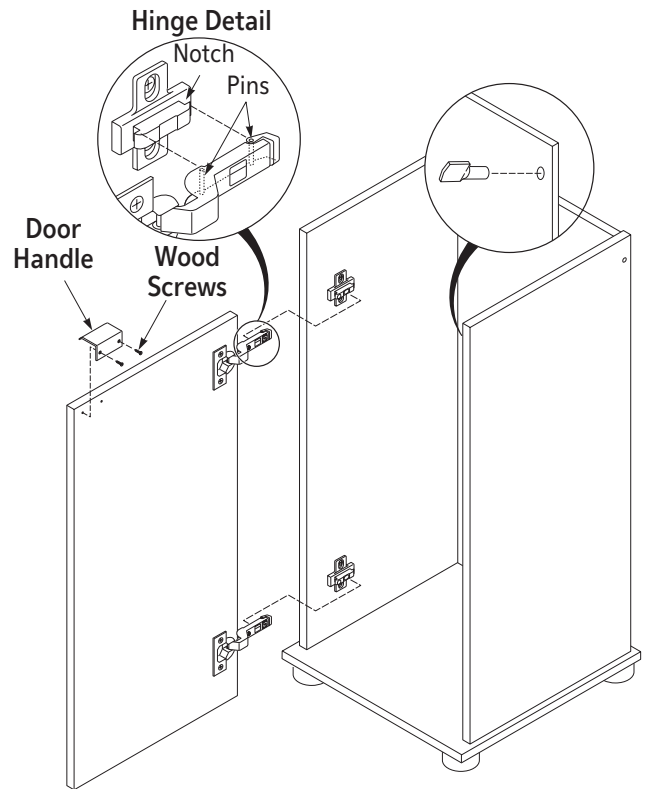

1. Screw one hex socket-head screw into predrilled hole in each side panel using provided hex wrench. (Do not overtighten.)
2. Attach stand feet into holes on the underside of the bottom panel by pushing into predrilled holes.

Step 6

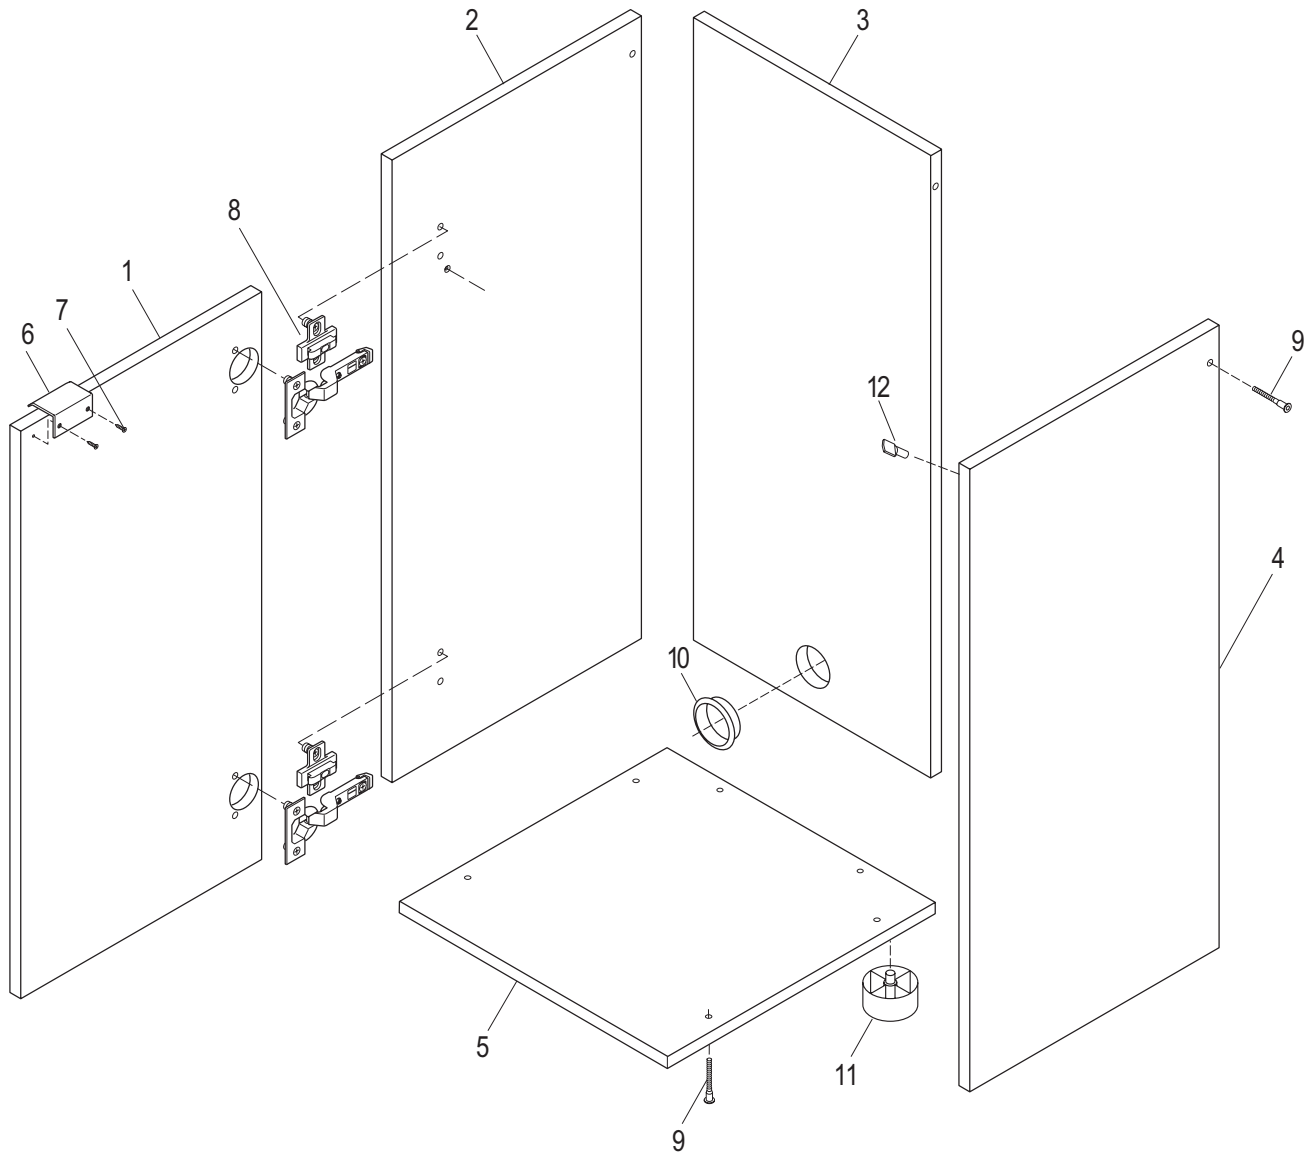

1. For proper door fit, adjust hinges according to diagram.

Step 5

1. Place stand upright on a level surface.
2. Attach door handle to upper edge of door panel by screwing two wood screws into predrilled holes.
3. Snap the door hinge pins into position on the side panel hinge notch on both the top and bottom hinges. (See hinge detail.)
4. Insert door stop pin into pre-drilled hole on top of right side panel with flat side vertical.
